

Name and address of university	Cyprus University of Technology (CUT) 30 Arch. Kyprianos Str. 3036 Limassol, CYPRUS https://www.cut.ac.cy/
Contact	Dr. Petros Kosmas petros.kosmas@cut.ac.cy
Short description of university	The CUT is a university established in 2004. Its first intake of students took place in the academic year 2007–08. The establishment of CUT is an attempt to fill in gaps that still exist within Cyprus' higher education by offering degrees in undergraduate and post graduate levels that are not offered by the University of Cyprus or by other higher education institutions. One of the most important operating principles of the Cyprus University of Technology is the social responsibility and the substantial contribution to society, in other words to operate responsibly in areas that are important axes of sustainable development.
